

CHILDREN-in-NEED 2011

Thanks to all the members, their families and friends who turned out on lovely Friday evening of the 18th November to help carry on the tradition of the club's sponsored Rally Car Pull. This is an event we have supported since Terry Wogan and the BBC started it about 31 years ago and as always we pulled the car from Altrincham to Manchester and around the city centre.

Some years we struggle to get volunteers to pull or collect, but this year there was a fantastic response with over 30 people helping.

A total of **£1313.13** was raised which was £100 more than that in 2010, and we know that the credit squeeze is greater than ever.

Thank to everyone who gave of their time, not forgetting **Cheshire Self Drive** for the donation of the minibus – without which we would have all had to walk the 10 miles back to Altrincham.

Well done everyone

Also thanks to those that have donated on-line – we understand that this raises the overall total to **£1363.13**
