

## **Message from the Competition Secretary**

The Scammonden Dam hillclimb which was scheduled for mid August has been put back to 24th October following technical problems at the last meeting at that hill. This is the same date as the Knutsford Autotest but having been discussed by the Club Committee both events remain as Off Road championship rounds. Other date changes in the club championship events are that the Farrington Road Rally has moved forward to 6/7 November and the Adrian Barker Stage Rally has moved back to 31st October. Also, Wales Rally GB has been added to the marshals championship.
